REVIEW FIRST

Pending inventory, average days pending, completed-volume counts, and completed-case wait research are different measures. This sheet reports VA operational workload only.

VBA LANES | PENDING WORKLOAD

HIGHER-LEVEL REVIEW AND SUPPLEMENTAL CLAIMS

140,790

HLR pending

68.5 average days pending

198,651

Supplemental pending

52.7 average days pending

125,638

Completed in report month

HLR plus Supplemental workload

BOARD | PENDING BY DOCKET

BOARD PENDING INVENTORY

Direct Review

Pending appeals

46,414

Evidence Submission

Pending appeals

24,469

Hearing

Pending appeals

85,965

Board bars are scaled to the largest pending docket in this panel. Printed counts are authoritative. The bars are not grant rates.

BOARD | AVERAGE DAYS PENDING FROM RECEIPT

BOARD AVERAGE DAYS PENDING

465

Direct Review

Average days pending from receipt

667

Evidence Submission

Average days pending from receipt

789

Hearing

Average days pending from receipt

Use as a dated system snapshot. These values describe VA inventory and average age in the report month. They do not predict an individual completion date.

DO NOT MIX MEASURES

Average days pending is the current age of unresolved work. It is not the same as average days to complete or the wait distribution among published Board decisions.
