

PACT ACT PRESUMPTIVE CANCER MAP

Current VA guidance recognizes broad cancer categories for veterans with qualifying service.

EVIDENCE PLATE

CLAIM FILE

HEAD	Head and neck Head cancer of any type and neck cancer of any type.	CHEST	Respiratory Respiratory cancer of any type.
GI	Digestive Gastrointestinal cancer of any type and pancreatic cancer.	GU	Genitourinary Kidney cancer and listed bladder, ureter, and related genitourinary cancers.
REPRO	Reproductive Reproductive cancer of any type, including listed female and male reproductive cancers.	BLOOD	Blood and lymphatic Lymphoma of any type plus listed leukemias, myelomas, myelodysplastic syndromes, and myelofibrosis.
CNS	Brain Brain cancer and glioblastoma.	SKIN	Melanoma Melanoma, including qualifying skin, eye, and mucosal types.

Confirm the diagnosis and qualifying locations and dates using current VA guidance. A cancer name alone does not establish eligibility.
