

PACT ACT AND TOXIC EXPOSURE

BURN PIT PRESUMPTIVE CANCER CATEGORIES

A field guide to presumptions, exposure evidence, TERA development, and claim pathways.

FIELD REFERENCE

FOUR POINTS TO UNDERSTAND

HEAD

HEAD, NECK, BRAIN

Brain cancer, glioblastoma, and cancers of the head or neck.

BODY

DIGESTIVE AND URINARY

Gastrointestinal cancer of any type, kidney cancer, and pancreatic cancer.

SYSTEM

BLOOD, SKIN, REPRODUCTIVE

Lymphoma of any type, melanoma, and reproductive cancer of any type.

LUNG

RESPIRATORY CANCER

Respiratory cancer of any type. Use the exact current VA category and diagnosis.

Apply the exact current law to the individual record. Exposure, screening, health-care eligibility, and disability compensation are related but distinct.
